

Earning Bloglines.com Account Credit – 40 Points

1 Login, open Internet Explorer and login to Bloglines.com. Sign up for an account if you haven't already. You'll need an email account.

2 **Finish gathering feeds** for the following news areas (aim for 6 *reliable* feeds each):

- Local National Technology Gaming
Education Health Entertainment International

- **The easiest way** to search for news feeds is to use the top right search box. Just change the drop down menu to "Search for Feeds" and then type in "Health News" or "Gaming News" or "International News"

- **For local news feeds**, take a look at these sites with RSS feeds on them:
 - <http://www.theithacajournal.com/apps/pbcs.dll/section?Category=CUSTOMERSERVICE33>
 - <http://www.pressconnects.com/apps/pbcs.dll/section?Category=rss99>
- **See the back side** of this handout for examples of good feeds and feed organization and setup

3 Go to www.myenglishclass.us/text/journalism/nvnews.html and copy the feed from the field. **Add the NV News netcast** to the rest of your Bloglines feeds

Subscribe

Enter the URL of the blog you wish to subscribe to, and Bloglines will attempt to locate the appropriate feed. An easier way to subscribe to blogs and newsfeeds is to use the [Easy Subscribe Button](#), which makes subscribing to a blog you're viewing just one click away.

Blog or Feed URL:

- 3 **Done?** Make sure all of your feeds are visible. That is, if you put them into labeled folders, make sure the + is turned – and that all feeds are visible
- 4 Maximize the Bloglines window and press **Screen Capture** on the keyboard to take a picture of your account and feeds
- 5 Paste the screen capture into **Paint** and **print**. Pages will no doubt be cut off. That's OK. **Write your name** next to your email address and **staple** together all printouts that display your subscribed news feeds. **Hand in to Mr. Stratton**

Here are some examples of good feeds and an organization method
